

**HANSON COUNTY DRAINAGE BOARD
MINUTES OF PROCEEDINGS
Tuesday, April 6, 2021**

Commissioner Kjetland called the meeting of the Hanson County Drainage Board to order on Tuesday, April 6, 2021 with members Bumgardner, Fox and Schoenrock present. The County Auditor was also present. Waldera and the Drainage Administrator were absent.

Motion Schoenrock, seconded by Fox to approve the amended agenda. Motion carried.

Motion Bumgardner, seconded by Fox to approve the March 16th meeting minutes. Motion carried.

No citizens input.

Motion Schoenrock, seconded by Fox to approve permit #21-04 for Millbrook Hutterian Brethren to install a new driveway with culvert in section 2-102-59 as the following conditions have been met. All voted aye, motion carried.

1. The project is not a flood hazard or affect floodplain values.
2. No potential of erosion.
3. Will not affect water quality and supply.
4. No effect on agriculture production.
5. Will not affect environmental quality.
6. Aesthetics will be maintained.
7. Fish and wildlife values will not be affected.
8. No adverse effects on downstream landowners.
 - a. Sufficient capacity to handle the flow.
 - b. Reasonable improving the natural drain system and carry capacity.
 - c. The amount of water to be drained is reasonable.
 - d. The design and physical aspects of the rain are reasonable.
 - e. The impact of sustained flow is acceptable.

Motion Fox, seconded by Bumgardner to approve permit #21-05 for Millbrook Hutterian Brethren to replace an existing culvert in the SW4 of section 35-103-59 as the following conditions have been met. All voted aye, motion carried.

1. The project is not a flood hazard or affect floodplain values.
2. No potential of erosion.
3. Will not affect water quality and supply.
4. No effect on agriculture production.
5. Will not affect environmental quality.
6. Aesthetics will be maintained.
7. Fish and wildlife values will not be affected.
8. No adverse effects on downstream landowners.
 - a. Sufficient capacity to handle the flow.
 - b. Reasonable improving the natural drain system and carry capacity.
 - c. The amount of water to be drained is reasonable.

- d. The design and physical aspects of the rain are reasonable.
- e. The impact of sustained flow is acceptable.

Motion Bumgardner, seconded by Schoenrock to approve permit #21-06 for Chuck Bannwarth to install a new driveway, with culvert, in the NW4 of section 7-103-59 as the following conditions have been met. All voted aye, motion carried.

- 1. The project is not a flood hazard or affect floodplain values.
- 2. No potential of erosion.
- 3. Will not affect water quality and supply.
- 4. No effect on agriculture production.
- 5. Will not affect environmental quality.
- 6. Aesthetics will be maintained.
- 7. Fish and wildlife values will not be affected.
- 8. No adverse effects on downstream landowners.
 - a. Sufficient capacity to handle the flow.
 - b. Reasonable improving the natural drain system and carry capacity.
 - c. The amount of water to be drained is reasonable.
 - d. The design and physical aspects of the rain are reasonable.
 - e. The impact of sustained flow is acceptable.

Motion Fox, seconded by Schoenrock to table the permit for Roger Riggs to replace existing tile as the applicant name does not match the landowner name. All voted aye, motion carried.

As there was no further business before the Board, a motion was made by Bumgardner, seconded by Schoenrock to adjourn meeting. All voted aye, motion carried.

Bruce Kjetland, Chairman
Hanson County Drainage Board
